Why We Walk...

Team AlphaSaurus was created in honor of our sons, who are the definition of courage, strength, and perseverance! The boys work hard every day to understand the world around them. As their families, we work diligently to spread autism awareness and teach the world about our boys! The outpouring of love from our friends and families is what continues to help us face the daily struggles that autism brings. The Autism Project provides such wonderful services to families in our community and is a resource that we consistently depend on and refer to. It is a pleasure to raise money for such a worthy cause and we have a great time doing it! So much so that we are back for our FOURTH walk and we know it's going to be Au-some!!! We walk for our boys, we walk for The Autism Project, and we walk for the future...

At NMC we care about many issues in our community, but Autism is one that is extremely personal to us. Members of our NMC team have family members – children, grandchildren, nieces and nephews – who live with Autism. We understand the struggles and challenges presented to these children and their families. That is why we support The Autism Project with such passion. We want to help make a difference in the lives of these children and their families.

How We Can Help...

Did you know that every 20 minutes a child is diagnosed with an Autism Spectrum Disorder??

Our staff is here to help!

The Autism Project Programs

Social Skills Groups • Summer Camp • Parent Support • Parent and Professional Trainings • Parent and Grandparent Support Groups • School Consultations • National Speaker Conference • Project IDENTIFY • Peer Mentoring

Your support makes ALL the difference!

The money **YOU** raised at last year's Walk made the following possible in 2016:

- **Over 250 children, teens, and young adults with an ASD participated in our social skills groups and/or our Camp WANNAGOAGAIN!**
- **Our Parent Resource Specialists logged over 1,640 hours of direct parent support to parents, grandparents, and caregivers.**
- **We trained over 1,000 parents and professionals on ASDs.**
- **Our consultants spent over 1,400 hours in 19 school districts helping educators ensure that children with an ASD learn and succeed in the classroom.**

Let's make 2017 even better! We can't do it without YOU!
